

Letter from the Executive Director

Last fall, we launched a campaign to raise the capital necessary to open a Farm Store and Food Hub. That space has been well used over the winter to collect, store, and distribute supplies to our homes, and the Farm Store celebrated its grand opening on May 7th , 2022.

Because of your support, our Stanton Home community has been provided with the opportunity to build relationships with members of the community while engaging in productive, meaningful work selling the vegetables that they grow.

This year, we want to do even more to nurture the relationships that are at the heart of Stanton Home. But we cannot do it without your help! As of right now, we have no large gathering space on our campus for our program or community to congregate for daily activities and events. This year's campaign, "Building a Place to Gather", will work to solve that problem.

Our goal this spring is to raise \$150,000 to build a community pavilion where we can all gather and is well-ventilated. Thanks to a generous donation of \$50,000, we are off to a great start, but we need more help. The information provided in this folder will explain why our "Building a Place to Gather" initiative is so important to us, and why we need your help today.

Thank you for whatever you can do!

Peter Stanton

If you would like to support our mission of building stronger relationships at Stanton Home and within our local community, you can donate to us directly, via check, or through our website:
